Data from the 2013 user satisfaction survey of the Orphanet website

www.orpha.net

List of questions

Question 1. By what capacity are you consulting the Orphanet website TODAY?	3
Question 2. How did you discover Orphanet?	7
Question 3. How often do you visit Orphanet?	7
Question 4. What sort of information are you looking for during THIS CONNECTION to Orphanet?	8
Question 5. Do you regularly use the following sites when dealing with rare diseases?	8
Question 6. How are you accessing Orphanet TODAY?	9
Question 7. Have you downloaded the Orphanet application?	9

An on-line survey was designed in November 2013, using the online survey tool Survey Monkey (<u>www.surveymonkey.com</u>). In the first part of the survey, questions were based on previous Orphanet surveys carried out in 2012 and earlier.

Questions focused on the professional activity of the users, their habits when they visit the Orphanet website and their opinion of the content.

The survey was launched in December 2013: a popup window was added to the first page users landed on. The survey was translated into the 7 languagesof the website presently available at the moment(i.e.

2

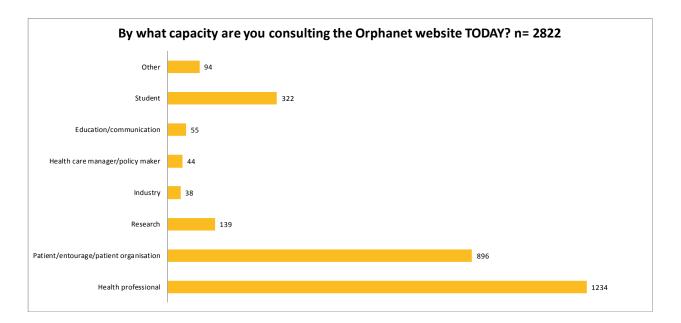

English, French, Spanish, Italian, Portuguese, German or Dutch)) and was displayed respecting the language of consultation. The survey was closed after two weeks.

The results from all languages are presented in this document.
